

## **WIGHTMAN TENNIS CENTER: PHASE III OPENING**

### **Amended Pool Rules**

**Effective 7-11-20**

The following are general policies that Wightman will observe as well as specific rules regarding use of the outdoor pool, the kiddie pool, and the lawn area within the fence. Please note that the amended rules, regarding guests and defining pool use, have changed and are highlighted in bold below.

#### General Policies

1. Wightman will adhere to the strictest of town, state or federal guidelines. Wightman will also adjust and may relax its usage rules as data are developed and observation indicate that change is prudent and warranted. Whenever any relaxation of these rules occurs, people who choose to participate – staff, Members, and guests – must accept potential additional risk.
2. As advancing age and certain underlying conditions are risk factors for death with COVID-19 infection, some accommodations will be made for people in those groups.
3. The only area of the building accessible is the bathroom on the indoor pool deck, accessible via the outdoor pool gate. The locker rooms are not accessible, so please plan accordingly. We ask that Members not congregate in the parking lots or on the courts and that all non-cohabiting individuals practice social distancing and wear a mask when not exercising.

### **Phase III CLUB-WIDE RULES:**

Members and their guest(s) are allowed on Club property between 8 am and 8 pm to park and immediately proceed to the outdoor facility they have reserved: either a tennis court, fitness center equipment (when open), or a spot in the pool. **Note that the guest policies for tennis and swimming are currently different. Please see the tennis-specific policy for tennis guests. Read below for the guest policy regarding pool use.**

**Importantly, the cohabiting guest accommodation (and restriction) has ended. The new phase of the guest policy, effective July 4, is a modified version of Wightman's standard guest policy with applicable guest fees. Please see below for details.**

**All guests must complete a questionnaire and may be denied access to the Club if they are deemed a safety risk. All guests must also sign the required waiver.**

**Tennis players must check-in.** Those who have a reservation for the pool area will check-in with a staff member at a table immediately inside the gate.

While on Club property, Members must wear masks if that is the federal, state or local recommendation at the time. However, Members may not wear masks while *actively playing* tennis or while in the pool. **Social distancing must be maintained at all times except within a family.**

Any staff or Member with *any* symptoms of any sort of sickness is not allowed on Club grounds. Symptoms include: fever, runny nose, sore throat, cough, sneezing, red eyes, trouble breathing, wheezing, stomach pain, recent loss of taste or smell, diarrhea, nausea, lack of energy, abdominal pain or any new aches and pains, hallucinations or seizures. Importantly, any person with any household Member exhibiting any of these symptoms will also not be allowed on Club grounds. Individual exceptions can be made by the GM for normal symptoms of chronic conditions such as allergies and asthma. No one who has recently been exposed should visit the Club, whether or not they are symptomatic.

To accommodate those who wish to lounge outside when insufficient lawn parcels are available for reservation, Wightman has created a new outdoor lounging area between the Clubhouse and the tennis courts. Seating in this area is available on a first-come-first-served basis and is also subject to social distancing guidelines.

**Phase III Amended Pool-Specific Rules** effective 7/11/20

The General Manager and the Aquatics Director may modify certain rules at their discretion to accommodate those with special needs.

1. The outdoor pool will be open and staffed from 8AM to 8PM.
2. Each membership may have 2 guests per week. Guests are restricted to family members only (grandchildren, children over age 30, cousins, etc.). A given guest may come no more than 4 times per month. Standard guest fees apply.
3. All lanes are available for use, but the pool is now divided into lap lanes and new designated swim areas called ‘pods’. A swim pod is a measured block of space in the pool that is available to one person or family at a time for a 30-minute period.
4. While reservations are not required for a swim pod, you must have a lawn reservation in order to use a swim pod. Make your lawn reservation (for up to 2 hours) and you may then use one of the swim pods available during your lawn reservation period. The lifeguards or designated staff on duty will direct you to the swim pod available.
5. Swim pods inhabit different depths of the pool, some of which may be more desirable than others to a given person or family. Accordingly, the swim pods will rotate every 30 minutes. The lifeguards on duty will work to accommodate those who are not comfortable in the deep end.
6. Only those who are immunocompromised (regardless of age) and those 18+ may reserve lap lanes during ‘Restricted’ swim periods. **Restricted lap lane swimming is daily from 8AM – 9AM.** General swim is all other times.
7. **Outdoor Lap Swimming is available daily from 9AM - 11AM (lanes 4 and 6 adults only; large 1st lane FAMILIES ONLY). Indoor Lap Swimming is available daily from 9AM – 12PM and 5PM – 7PM (maximum of 3 lanes, depending on lessons).**
8. **Swim pods are available daily from 11AM – 8PM.**
9. **To accommodate varying demand and need for distancing, different numbers of lanes are available at different times. See the table below:**

 = RESTRICTED HOURS       = LAP SWIMMING       = GENERAL HOURS

9 - 12	3 lap lanes	3 lap lanes	All lap lanes open	3 lap lanes	3 lap lanes	3 lap lanes	3 lap lanes
5 - 7	3 lap lanes	3 lap lanes	3 lap lanes	3 lap lanes	3 lap lanes	3 lap lanes	3 lap lanes

10. Members may reserve a lap lane in the pool according to the periods specified in (6) above in 30-minute increments for up to one contiguous hour per day.
11. Only one swim reservation per Member per day.
12. To accommodate those who care to lounge, the fenced-in lawn area has been divided into areas spaced according to social distancing recommendations and can be reserved. There are no 'Restricted' hours for use of a lawn parcel, but each lawn parcel may be occupied only by individuals or family members including guests who are also family members. Lawn reservations may be for up to 2 hours. One lawn reservation per Member per day.
13. Both lane and lawn reservations may be made online starting at 8AM three days prior. Cancellations be made online no later than 12 hours prior to the reservation. Please be courteous and cancel your reservation promptly if your plans change.
14. Having a reservation for a pool lane is distinct and separate from a reservation for a lawn parcel. For those who have a lane reservation but no lawn reservation, they may put their belongings on the chair at the end of the lane while in the pool.
15. Parents without a lawn reservation who are accompanying young children in a swim lane are provided a chair at the far end of the pool to watch their child(ren).
16. The Café is closed for the summer. Members may bring food and beverages and are asked to eat and dispose of waste respectfully and responsibly. No glass allowed.
17. Ice cream, drinks and snacks are available at the pool check in station.
18. As no water dispensers or towels will be provided, please plan accordingly.
19. The lawn partitioning means the volleyball net has been removed. Similarly, the basketball court is closed.
20. The bathroom on the indoor pool deck will be available but please shower before you come to the Club and come already in your swimsuit.
21. The kiddie pool may be booked the same way as a pool lane or lawn parcel: starting at 8AM three days prior, in 15-minute intervals for up to one contiguous hour per day.
22. One family with family member guest(s) may use the kiddie pool at a time.
23. One kiddie pool reservation per Member per day.

24. Parties are not allowed.
